## **CHILD PASSENGER SAFETY INSPECTION STATION**

**SEPTEMBER 17, 2011**

**10:00AM – 2:00PM**

During our 2011 CHILD PASSENGER SAFETY DAY, parents and caregivers are urged to verify that their child safety seats are properly installed and correctly used.

Certified technicians will be available to inspect and verify - free of charge - your child seat installation.

You place your children's safety at the top of your priority list. You shopped for the safest car when you started a family. You read up on car seats for kids and figured out which one worked best for you and your family. Now take your car and car seat to our seat-checking station and let an expert check and approve of your handiwork.

- The Barboursville Fire Dept will also be here with some trucks for the kids to look at and free balloons for everyone.
- We will also have M&M Inflatables here for the kids.
- Free food and beverages.....
